Treasure map

Make a treasure map to a secret place inside or outside of the house. Make your map very accurate. Hide something special in the secret place like an apple or a marble or a pretty rock or a feather...Then give the treasure map to a friend... Did they find it?!

Days of Love

Write on a calendar everyday for a week or a month or more, one word or a phrase that tells what you loved about the day. At the end of the week, month, or more, read what you wrote and love what you love!
